- Goosenecks (custom made)
- Bollards – static & removable
- Reserve Parking Posts
- Ballustrades
- Camera Poles (up to 9m)
- Magnetic Locks
- Enclosures (metal) – custom made

ABOUT BOOMGATE SYSTEMS:

Boomgate Systems was established in 1998 and we are a manufacturer of Vehicle and Pedestrian Access Control Equipment and Anti-Terror Products.

Boomgate Systems products are locally manufactured in Leaglen, Florida, Roodepoort, South Africa.

Our barriers are CE approved and are exported worldwide. Boomgate Systems barriers carry a 2-year guarantee and they come standard with a unique boom breakaway system. These barriers are virtually maintenance free. Over 13 000 units have been sold in 21 years!

Boomgate Systems designs and manufactures turnstiles and pedestrian access control products, which are also successfully exported worldwide. The turnstiles need virtually no maintenance during our guarantee period.

Boomgate Systems offers an industry first 15-year guarantee on all its turnstiles covering all mechanical parts for 15 years.

Boomgate Systems turnstiles are supplied complete with control logic including a 12V and 24V power supply for battery back up as a standard with all our turnstiles, ready for use with any access control systems or T&A or vending systems.

Boomgate Systems provides an additional service to sub contractors, with respect to specialised equipment to facilitate the installation of their various products. Providing a one stop shopping facility, with all aspects of their needs, to compliment and facilitate the installation from start to finish, commissioning and hand over of each installation.

Boomgate Systems proudly offers unmatched delivery periods.

DESIGNS AND PRODUCTION MANAGEMENT

Over the past 21 years, the company has developed an integrated design and production system that allows complete control over orders, manufacture, testing and despatch of all their products.

ISO 9001 - 2008 STANDARDS

Boomgate Systems is certified for ISO 9001 – 2008.

Management System
ISO 9001:2008

QUALITY ASSURANCE POLICY

- 1 All goods are tested and supplied with test certificates.
- 2 Products are subject to our standard quality control and test procedures.
- 3 Electronic cards are subjected to 24 Hour burn in tests.
- 4 Test certificates are available on request.
- 5 Detailed logs are kept of each individual's input in every job.
- 6 All materials are purchased from approved vendors and inspected on delivery.

AFTER SALES SERVICE

Boomgate Systems has a network of distributors throughout South Africa providing back up with respect to after sales servicing and repairs to equipment on site.

TRAINING FACILITIES

Boomgate Systems provide clients with product training seminars to equip their technical staff with the relevant knowledge to install and maintain all our products. We also offer product training to sales representatives to understand the full potential of our products.

COMPANY POLICY

A further principle is that the Company will never accept a contract when a customer satisfaction cannot be achieved for reasons of capacity limit, or because it is beyond the Company's normal expertise for any other reason such as inadequate specifications, unrealistic technical requirements or any impossible demands.

MARKETING POLICY

The Management is committed to an aggressive marketing strategy, which is based upon close customer liaison, in determining their specific requirements, thereby ensuring that areas of sensitivity are clearly focused upon, in terms of existing products and designs.

Boomgate Systems attends various international equipment exhibitions worldwide in order to keep up with security requirements and trends. Boomgate Systems also use these opportunities to market itself internationally.

The research and development, in close co-operation with the marketing and sales divisions, utilise computer aided designs facilities, provide end users with products complimented by feature resulting not only in benefits but enhanced safety for all personnel.

Management constantly reviews the existing product range, with the view to establishing that these products not only comply with clients specifications, but able to fulfil their intended functions. Additionally, motivating the staff positively to constantly innovate change and ensure that Boomgate Systems maintains a progressive image in the market place at all time.

DEMO ROOM

Boomgate Systems has the state of the art 120m² Demo Room Facility. A full range of our products and services is on display. Full access control and CCTV is incorporated to demonstrate the product's full potential and advantages.

BLUE CHIP CLIENT BASE

Through our professional service and top quality market leading products, Boomgate Systems is selected by Blue Chip Organisations that requires high quality and optimum durability from our products to control pedestrian and vehicle access control.

EXPORT

Boomgate Systems products are exported worldwide. Germany is a major consumer of Boomgate Systems products and Russia has also started importing some of our products. Boomgate Systems has the expertise and knowledge to make sure that all exports parcels are well packaged with all relevant documentation. We are constantly looking for new markets to benefit from the exchange rate and our top quality products and service.
